16-123

Sections 2 and 9, Article III, Constitution of Missouri, is repealed and two new sections adopted in lieu thereof, to be known as sections 2 and 9, to read as follows:

Section 2. The house of representatives shall consist of one hundred sixty-three members and, beginning with the one hundred second general assembly, one hundred twenty-three members, elected at each general election and apportioned in the following manner: Within sixty days after the population of this state is reported to the President for each decennial census of the United States and, in the event that a reapportionment has been invalidated by a court of competent jurisdiction, within sixty days after notification by the governor that such a ruling has been made, the congressional district committee of each of the two parties casting the highest vote for governor at the last preceding election shall meet and the members of the committee shall nominate, by a majority vote of the members of the committee present, provided that a majority of the elected members is present, two members of their party, residents in that district, as nominees for reapportionment commissioners. Neither party shall select more than one nominee from any one state legislative district. The congressional committees shall each submit to the governor their list of elected nominees. Within thirty days the governor shall appoint a commission consisting of one name from each list to reapportion the state into one hundred and sixty-three representative districts and, beginning with the one hundred second general assembly, one hundred twenty-three representative districts, and to establish the numbers and boundaries of said districts.

If any of the congressional committees fails to submit a list within such time the governor shall appoint a member of his own choice from that district and from the political party of the committee failing to make the appointment.

Members of the commission shall be disqualified from holding office as members of the general assembly for four years following the date of the filing by the commission of its final statement of apportionment.

For the purposes of this article, the term congressional district committee or congressional district refers to the congressional district committee or the congressional district from which a congressman was last elected, or, in the event members of congress from this state have been elected at large, the term congressional district committee refers to those persons who last served as the congressional district committee for those districts from which congressmen were last elected, and the term congressional district refers to those districts from which congressmen were last elected. Any action pursuant to this section by the congressional district committee shall take place only at duly called meetings, shall be recorded in their official minutes and only members present in person shall be permitted to vote.

The commissioners so selected shall on the fifteenth day, excluding Sundays and holidays, after all members have been selected, meet in the capitol building and proceed to organize by electing from their number a chairman, vice chairman and secretary and shall adopt an agenda establishing at least three hearing dates on which hearings open to the public shall be held. A copy of the agenda shall be filed with the clerk of the house of representatives within twenty-four hours after its adoption. Executive meetings may be scheduled and held as often as the commission deems advisable.

The commission shall reapportion the representatives by dividing the population of the state by the number one hundred sixty-three and, beginning with the one hundred second general assembly, the number one hundred twenty-three, and shall establish each district so that the population of that district shall, as nearly as possible, equal that figure.

Each district shall be composed of contiguous territory as compact as may be.

Not later than five months after the appointment of the commission, the commission shall file with the secretary of state a tentative plan of apportionment and map of the proposed districts and during the ensuing fifteen days shall hold such public hearings as may be necessary to hear objections or testimony of interested persons.

Not later than six months after the appointment of the commission, the commission shall file with the secretary of state a final statement of the numbers and the boundaries of the districts together with a map of the districts, and no statement shall be valid unless approved by at least seven-tenths of the members.

After the statement is filed members of the house of representatives shall be elected according to such districts until a reapportionment is made as herein provided, except that if the statement is not filed within six months of the time fixed for the appointment of the commission, it shall stand discharged and the house of representatives shall be apportioned by a commission of six members appointed from among the judges of the appellate courts of the state of Missouri by the state supreme court, a majority of whom shall sign and file its apportionment plan and map with the secretary of state within ninety days of the date of the discharge of the apportionment commission. Thereafter members of the house of representatives shall be elected according to such districts until a reapportionment is made as herein provided.

Each member of the commission shall receive as compensation fifteen dollars a day for each day the commission is in session but not more than one thousand dollars, and, in addition, shall be reimbursed for his actual and necessary expenses incurred while serving as a member of the commission.

No reapportionment shall be subject to the referendum.

Section 9. Until the convening of the [Seventy-fourth General Assembly the House of Representatives]one hundred second general assembly, the house of representatives shall consist of one hundred sixty-three members elected from the one hundred sixty-three representative districts, as they existed [January 1, 1965.] during the one hundred first general assembly. Beginning with the one hundred second general assembly, the house of representatives shall consist of one hundred twenty-three members pursuant to section 2 of this article.
