The Honorable Nicole Galloway
State Auditor
State Capitol Building
Jefferson City, MO 65101

RE: Petition approval request from Sheila Dundon regarding a proposed constitutional amendment to Article XVI, version 2 (2016-125)

Dear Auditor Galloway:

Enclosed please find an initiative petition sample sheet for a proposal to amend the Missouri Constitution filed by Sheila Dundon on October 8, 2015.

We are referring the enclosed petition sample sheet to you for the purposes of preparing a fiscal note and fiscal note summary as required by Section 116.332, RSMo. Section 116.175.2, RSMo requires the state auditor to forward the fiscal note and fiscal note summary to the attorney general within twenty days of receipt of the petition sample sheet.

Thank you for your immediate consideration of this request.

Sincerely,

Jason Kander

Be it resolved by the people of the state of Missouri that the Constitution be amended:

16-125

Article XVI is created by enacting one new section to be known as Section 1 of Article XVI, to read as follows:

Section 1. Right to Access Medical Marijuana

1. Purposes

This section is intended to permit state-licensed physicians to recommend marijuana for medical purposes to patients with serious illnesses and medical conditions. The section allows patients with qualifying medical conditions the right to discuss freely with their physicians the possible benefits of medical marijuana use, the right to have the benefit of their physician's professional advice concerning the same, and the right to use medical marijuana for treatment under the supervision of a physician.

This section is intended to make only those changes to Missouri laws that are necessary to protect patients and their physicians from civil and criminal penalties, and allow for the limited legal production, distribution, sale and purchase of marijuana for medical use. This section is not intended to change current civil and criminal laws governing the use of marijuana for nonmedical purposes. The section would maintain the prohibition against the public use of marijuana and driving under the influence of marijuana.

2. Definitions

- (1) "Administer" means the direct application of marijuana to a qualifying patient by way of any of the following methods:
 - (a) Ingestion of capsules, teas, oils, and other marijuana-infused products;
 - (b) Vaporization or smoking of dried flowers, buds or plant material;
 - (c) Application of ointments or balms;
 - (d) Transdermal patches;
 - (e) Consuming marijuana-infused food products; or
 - (f) Any other method approved by the Department or recommended by a qualifying patient's physician.
- (2) "Department" means the Department of Health and Senior Services, or its successor agency.
- (3) "Entity" means a natural person, corporation, professional corporation, nonprofit corporation, cooperative corporation, unincorporated association, business trust, limited liability company, general or limited partnership, limited liability partnership, joint venture, or any other legal entity.
- (4) "Marijuana" means *Cannabis indica*, *Cannabis sativa*, and *Cannabis ruderalis*, hybrids of such species, and any other strains commonly understood within the scientific community to constitute marijuana, as well as resin extracted from the plant and marijuana-infused products.
- (5) "Medical Marijuana Cultivation Facility" means an entity, licensed by the department, to cultivate, process, transport, and sell marijuana to a Medical Marijuana Dispensary Facility or to a Medical Marijuana-Infused Products Manufacturing Facility.
- (6) "Medical Marijuana Dispensary Facility" means an entity, licensed by the department, to sell, transport, and deliver marijuana, marijuana-infused products, and drug paraphernalia used to administer marijuana as provided for in this section.
- (7) "Medical Marijuana-Infused Products Manufacturing Facility" means an entity, licensed by the department, to manufacture and transport marijuana-infused products for sale to a Medical Marijuana Dispensary Facility.

- (8) “Medical use” means the production, possession, delivery, distribution, transportation, or administration of marijuana or a marijuana-infused product, or drug paraphernalia used to administer marijuana or a marijuana-infused product, for the benefit of a patient to mitigate the symptoms or effects of the patient’s qualifying medical condition.
- (9) “Physician” means an individual who is licensed and in good standing to practice medicine or osteopathy under Missouri law.
- (10) “Physician certification” means a document in whatever format, including electronic, signed by a physician, stating that in the physician’s professional opinion, the patient has been diagnosed with a qualifying medical condition and is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient’s qualifying medical condition or symptoms associated with the qualifying medical condition.
- (11) “Primary caregiver” means an individual twenty-one years of age or older who has significant responsibility for managing the well-being of a person diagnosed with a qualifying medical condition and who is designated as such on the caregiver’s application for an identification card under this section or in other written notification to the department.
- (12) “Qualifying medical condition” means symptoms related to or the treatment of:
 - (a) Cancer;
 - (b) Epilepsy;
 - (c) Glaucoma;
 - (d) Intractable migraines unresponsive to other treatment;
 - (e) A chronic medical condition that causes severe, persistent pain or persistent muscle spasms, including but not limited to those associated with multiple sclerosis, seizures, Parkinson’s disease, and Tourette’s syndrome;
 - (f) Debilitating psychiatric disorders, including but not limited to post-traumatic stress disorder, if diagnosed by a state licensed psychiatrist;
 - (g) Human immunodeficiency virus or acquired immune deficiency syndrome;
 - (h) A chronic medical condition that is normally treated with a prescription medication that could lead to physical or psychological dependence, when a physician determines that medical use of marijuana could be effective in treating that condition and would serve as a safer alternative to the prescription medication;
 - (i) Any terminal illness;
 - (j) In the professional judgment of a physician, any other chronic, debilitating or otherwise equivalent condition, including, but not limited to, hepatitis C, amyotrophic lateral sclerosis, inflammatory bowel disease, agitation of Alzheimer’s disease, cachexia and wasting syndrome; or
 - (k) Any additional conditions determined by the department.
- (13) “Qualifying Patient” means a Missouri resident diagnosed with at least one qualifying medical condition.

3. Creating Patient Access to Medical Marijuana

- (1) In carrying out the implementation of this section, the Department shall have the authority to:
 - (a) Grant or refuse state licenses for the cultivation, manufacture, distribution, and sale of marijuana for medical use as provided by law; suspend, fine, restrict, or revoke such licenses upon a violation of this section or a rule promulgated pursuant to this section; and impose any

administrative penalty authorized by this section or any rule promulgated pursuant to this section.

- (b) Promulgate such rules and emergency rules as necessary for the proper regulation and control of the cultivation, manufacture, distribution, and sale of marijuana for medical use and for the enforcement of this section.
 - (c) Hear and determine at a public hearing any contested state license denial and any complaints against a licensee and administer oaths and issue subpoenas to require the presence of persons and the production of papers, books, and records necessary to the determination of any hearing so held, all in accordance with the Missouri Administrative Procedures Act, as amended from time to time, or successor provisions.
 - (d) Develop such forms, licenses, identification cards, and applications as are necessary or convenient in the discretion of the department for the administration of this section or any of the rules promulgated under this section;
 - (e) Require a seed-to-sale tracking system that tracks medical marijuana from either the seed or immature plant stage until the medical marijuana or medical marijuana-infused product is sold to a customer at a Medical Marijuana Dispensary Facility to ensure that no medical marijuana grown by a Medical Marijuana Cultivation Facility or processed by a Medical Marijuana-Infused Products Manufacturing Facility is sold or otherwise transferred except by a Medical Marijuana Dispensary Facility. The department shall certify at least two commercially available software programs to licensees as compliant with its tracking standards.
 - (f) Prepare and transmit annually a report accounting to the Governor for the efficient discharge of all responsibilities assigned to the department under this section;
- (2) The department shall issue any rules or emergency rules necessary for the implementation and enforcement of this section and to ensure the right to, availability and safe use of marijuana for medical use by qualifying patients. In developing such rules or emergency rules, the department may consult with other public agencies. In addition to any other rules or emergency rules necessary to carry out the mandates of this section, the department may issue rules or emergency rules relating to the following subjects:
- (a) Compliance with, enforcement of, or violation of any provision of this section or any rule issued pursuant to this section, including procedures and grounds for denying, suspending, fining, restricting, or revoking a state license issued pursuant to this section;
 - (b) Specifications of duties of officers and employees of the department;
 - (c) Instructions or guidance for local authorities and law enforcement officers;
 - (d) Requirements for inspections, investigations, searches, seizures, and such additional enforcement activities as may become necessary from time to time;
 - (e) Creation of a range of administrative penalties for use by the department;
 - (f) Prohibition of misrepresentation and unfair practices;
 - (g) Control of informational and product displays on licensed premises;
 - (h) Development of individual identification cards for owners, officers, managers, contractors, employees, and other support staff of entities licensed pursuant to this section, including a fingerprint-based criminal history record check as may be required prior to issuing a card;

- (i) Security requirements for any premises licensed pursuant to this section, including, at a minimum, lighting, physical security, video, alarm requirements, and other minimum procedures for internal control as deemed necessary by the department to properly administer and enforce the provisions of this section, including reporting requirements for changes, alterations, or modifications to the premises;
 - (j) Regulation of the storage of, warehouses for, and transportation of marijuana for medical use;
 - (k) Sanitary requirements for, including, but not limited to, the preparation of medical marijuana-infused products;
 - (l) The specification of acceptable forms of picture identification that a Medical Marijuana Dispensary Facility may accept when verifying a sale;
 - (m) Labeling and packaging standards;
 - (n) Records to be kept by licensees and the required availability of the records;
 - (o) State licensing procedures, including procedures for renewals, reinstatements, initial licenses, and the payment of licensing fees;
 - (p) The reporting and transmittal of tax payments;
 - (q) Authorization for the Department of Revenue to have access to licensing information to ensure tax payment and the effective administration of this section; and
 - (r) Such other matters as are necessary for the fair, impartial, stringent, and comprehensive administration of this section.
- (3) The department shall issue rules or emergency rules for a medical marijuana and medical marijuana-infused products independent testing and certification program for medical marijuana licensees and requiring licensees to test medical marijuana to ensure, at a minimum, that products sold for human consumption do not contain contaminants that are injurious to health and to ensure correct labeling.
- (4) The department shall maintain the confidentiality of reports or other information obtained from an applicant or licensee containing any individualized data, information, or records related to the licensee or its operation, including sales information, financial records, tax returns, credit reports, cultivation information, testing results, and security information and plans or revealing any patient information, or any other records that are exempt from public inspection pursuant to state or federal law. Such reports or other information may be used only for a purpose authorized by this section. Any information released related to patients may be used only for a purpose authorized by this section or to verify that a person who presented a patient identification card to a state or local law enforcement official is lawfully in possession of such card.
- (5) Within thirty days of the effective date of this section, the department shall make available to the public license application forms and application instructions for Medical Marijuana Cultivation Facilities, Medical Marijuana Dispensary Facilities, and Medical Marijuana-Infused Products Manufacturing Facilities.
- (6) Within thirty days of the effective date of this section, the department shall make available to the public application forms and application instructions for qualifying patient, qualifying patient cultivation, and primary caregiver identification cards. Within sixty days of the effective date of this section, the departments shall begin accepting applications for such identification cards.
- (7) An entity may apply to the department for and obtain one or more licenses to grow marijuana as a Medical Marijuana Cultivation Facility. Each facility in operation

shall require a separate license and such facility may be limited by the department to thirty thousand square feet of canopy space. The license shall be valid for three years from its date of issuance and shall be renewable, except for cause. The department shall charge each first-time applicant a one-time, non-refundable fee of three thousand dollars. The department shall charge each licensee an annual fee of ten thousand dollars per license. Application and license fees shall be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency.

- (8) An entity may apply to the department for and obtain one or more licenses to operate a Medical Marijuana Dispensary Facility. Each facility in operation shall require a separate license. A license shall be valid for three years from its date of issuance and shall be renewable, except for cause. The department shall charge each first-time applicant a one-time, non-refundable fee of three thousand dollars. The department shall charge each licensee an annual fee of five thousand dollars per license. Application and license fees shall be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency.
- (9) An entity may apply to the department for and obtain one or more licenses to operate a Medical Marijuana-Infused Products Manufacturing Facility. Each facility in operation shall require a separate license. A license shall be valid for three years from its date of issuance and shall be renewable, except for cause. The department shall charge each first-time applicant a one-time, non-refundable fee of three thousand dollars. The department shall charge each licensee an annual fee of five thousand dollars per license. Application and license fees shall be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency.
- (10) Except for cause, a qualifying patient or his or her primary caregiver may obtain an authorization and identification card from the department to cultivate up to six marijuana plants for the exclusive use of that patient. The card shall be valid for twelve months from its date of issuance and shall be renewable with the annual submittal of a new or updated physician's certification. The department shall charge an annual fee for the card of one hundred dollars, with such rate to be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency.
- (11) The department may set a limit on the amount of marijuana that may be purchased by or on behalf of a qualifying patient in a 30 day period, provided that limit is not less than six ounces of dried, unprocessed marijuana, or its equivalent. Any such limit shall not apply to a qualifying patient with written certification from two independent physicians that there are compelling reasons for additional amounts.
- (12) The department may set a limit on the amount of marijuana that may be possessed by or on behalf of a qualifying patient, provided that limit is not less than a sixty day supply of dried, unprocessed marijuana, or its equivalent. Any such limit shall not apply to a qualifying patient with written certification from two independent physicians that there are compelling reasons for additional amounts. Possession of between the legal limit and up to twice the legal limit shall subject the possessor to department sanctions, including an administrative penalty and loss of their patient identification card for up to a year. Purposefully possessing amounts in excess of twice the legal limit shall be punishable by imprisonment of up to one year and a fine of up to ten thousand dollars.
- (13) The department may restrict the aggregate number of licenses granted for Medical Marijuana Cultivation Facilities, provided however that the number may not be limited to fewer than one license per every seventy-five thousand inhabitants of the state of Missouri, according to the most recent census of the United States. In any year, if the number of qualifying applicants and any renewals exceed any such restriction, the department shall, after renewing all qualifying licenses, rank new applicants using the following factors: site security; experience with agriculture, horticulture or the legal cannabis market; medical or botany experience; acceptance

in the site community; potential for positive economic impact in the site community; and maintaining competitiveness in the marijuana for medical use marketplace. In evaluating licenses, the department may consult or contract with other public agencies with relevant expertise regarding these factors.

(14) If a county has restricted the number of licenses for Medical Marijuana Dispensary Facilities, then, in any year that the number of qualifying applicants and any renewals exceed any such restriction, the department shall, after renewing all qualifying licenses, rank new applicants using the following factors: site security; medical or botany experience; acceptance in the site community; potential for positive economic impact in the site community; and maintaining competitiveness in the marijuana for medical use marketplace. In evaluating licenses, the department may consult or contract with other public agencies with relevant expertise regarding these factors.

(15) The department shall begin accepting license applications for Medical Marijuana Dispensary Facilities, Medical Marijuana Cultivation Facilities, and Medical Marijuana-Infused Products Manufacturing Facilities no later than one hundred twenty days after the effective date of this section. Applications for licenses under this section shall be approved or denied by the department no later than ninety days after their submission. If the department fails to carry out its non-discretionary duty to approve or deny an application within ninety days of submission, an applicant may immediately seek a court order compelling the department to approve or deny the application.

(16) Qualifying patients under this section shall obtain and annually renew an identification card from the department. The department shall charge a fee of twenty-five dollars per issuance with such fee to be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor or its successor agency. Upon receiving an application for a qualifying patient identification card, the department shall, within fourteen days, either issue the card or provide a written explanation for its denial.

(17) Primary caregivers under this section shall obtain and annually renew an identification card from the department. The department shall charge a fee of twenty-five dollars per issuance, with such fee to be increased or decreased each year by the percentage of increase or decrease of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency. Upon receiving an application for a primary caregiver identification card, the department shall, within fourteen days, either issue the card or provide a written explanation for its denial.

4. Taxation and Reporting

(1) A tax is levied upon the retail sale of marijuana for medical use sold at Medical Marijuana Dispensary Facilities within the state. The tax shall be at a rate of six percent of the retail price. The tax shall be collected by each licensed Medical Marijuana Dispensary Facility and paid to the Department of Revenue. After retaining no more than one percent for its actual collection costs, amounts generated by the tax levied in this section shall be deposited by the Department of Revenue into the Missouri Veterans' Healthcare Fund. Licensed entities making retail sales within the state shall be allowed approved credit for returns provided the tax was paid on the returned item and the purchaser was given the refund or credit.

(2) There is hereby created in the state treasury the "Missouri Veterans' Healthcare Fund," which shall consist of taxes and fees collected under this section. The State Treasurer shall be custodian of the fund and he or she shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Notwithstanding any other provision of law, any moneys remaining in the fund at the end of a biennium shall not revert to the credit of the general revenue fund. The fund shall be a dedicated fund and shall stand appropriated without further legislative action as follows:

(a) First, to the department, an amount necessary for the department to carry out this section, including a reserve fund to maintain a reasonable working cash balance for the purpose of carrying out such obligations;

(b) Next, the remainder of such funds shall be transferred to the Missouri Veterans Commission for healthcare services for military veterans, including the following purposes: operations of the Missouri Veteran's Homes and Missouri Service Officer's Program.

(c) All moneys appropriated from the taxes authorized under this subsection shall provide additional funds for the purposes enumerated above and shall not replace existing funding.

- (3) For all retail sales of marijuana for medical use, a record shall be kept by the seller which identifies by secure and encrypted patient number, the qualifying patient involved in the sale, all amounts and types of marijuana involved in the sale and the total amount of money involved in the sale, including itemizations and grand total sale amounts. All such records shall be kept on the premises and be made available for review by the department and the Department of Revenue upon request.
- (4) The tax levied pursuant to this subsection is separate from and in addition to any general state and local sales and use taxes that apply to retail sales, which shall continue to be collected and distributed as provided by general law.
- (5) Except as authorized in this subsection, no additional taxes shall be imposed on the sale of marijuana for medical use.

5. Additional Patient, Physician, Caregiver and Provider Protections

- (1) Except as provided in this section, the possession of marijuana in quantities less than the limits of this section or established by the department shall not subject the possessor to arrest, criminal or civil liability, or sanctions under Missouri law, provided that a valid qualifying patient identification card; a valid patient cultivation registration; while a related patient identification card application is pending, a valid physician certification written fewer than thirty days prior; and a valid primary caregiver identification card, or the respective equivalent issued by another state or political subdivision of another state, is produced upon demand.
- (2) A physician shall not be subject to criminal or civil liability or sanctions under Missouri law or discipline by the Missouri State Board of Registration for the Healing Arts, or its successor agency, for issuing a physician certification to a person diagnosed with a qualifying medical condition in a manner consistent with this section and legal standards of professional conduct.
- (3) A health care provider shall not be subject to civil or criminal prosecution, denial of any right or privilege, civil or administrative penalty or sanction, or disciplinary action by any accreditation or licensing board or commission, for providing health care services that involve the medical use of marijuana consistent with this section and legal standards of professional conduct.
- (4) A testing laboratory shall not be subject to civil or criminal prosecution, denial of any right or privilege, civil or administrative penalty or sanction, or disciplinary action by any accreditation or licensing board or commission, for providing laboratory testing services that relate to the medical use of marijuana consistent with this section and otherwise meeting legal standards of professional conduct.
- (5) A health care provider shall not be subject to mandatory reporting requirements for the medical use of marijuana by qualifying patients under eighteen years of age in a manner consistent with this section.
- (6) A primary caregiver shall not be subject to criminal or civil liability or sanctions under Missouri law for purchasing or administering marijuana for medical use by a qualifying patient or participating in the patient cultivation of up to six marijuana plants per patient in a manner consistent with this section and generally established legal standards of personal or professional conduct.

- (7) An attorney shall not be subject to disciplinary action by the state bar association or other professional licensing body for providing legal assistance to prospective or licensed Medical Marijuana Cultivation Facilities, Medical Marijuana Dispensary Facilities, Medical Marijuana-Infused Products Manufacturing Facilities, qualifying patients, primary caregivers, or others related to activity that is no longer subject to criminal penalties under state law pursuant to this section.
- (8) Actions and conduct by Qualifying Patients, Primary Caregivers, Medical Marijuana Cultivation Facilities, Medical Marijuana-Infused Products Manufacturing Facilities or Medical Marijuana Dispensary Facilities licensed or registered with the department, or their employees, as permitted by this section and in compliance with department regulations and other standards of legal conduct, shall not be subject to criminal or civil liability or sanctions under Missouri law, except as provided for by this section.
- (9) There shall be no immunities for negligence, either common law or statutorily created, nor civil or criminal immunities for operating a vehicle, aircraft, dangerous device, or navigating a boat under the influence of marijuana, and except as specifically set out in this section, the use of marijuana shall not be a defense to any illegal civil or criminal activity unrelated to this section.
- (10) It is the public policy of the state of Missouri that contracts related to marijuana for medical use that are entered into by Qualifying Patients, Primary Caregivers, Medical Marijuana Cultivation Facilities, Medical Marijuana-Infused Products Manufacturing Facilities or Medical Marijuana Dispensary Facilities and those who allow property to be used by those persons, should be enforceable. It is the public policy of the state of Missouri that no contract entered into by Qualifying Patients, Primary Caregivers, Medical Marijuana Cultivation Facilities, Medical Marijuana-Infused Products Manufacturing Facilities or Medical Marijuana Dispensary Facilities, or by a person who allows property to be used for activities that are exempt from state criminal penalties by this chapter, shall be unenforceable on the basis that activities related to medical marijuana may be prohibited by federal law.

6. Legislation

Nothing in this section shall limit the General Assembly from enacting laws consistent with this section, or otherwise effectuating the patient rights of this section. The legislature shall not enact laws that hinder the right of qualifying patients to access marijuana for medical use as granted by this section

7. Additional Provisions

- (1) Nothing in this section permits a person to:
 - (a) Consume marijuana for medical use in a jail or correctional facility;
 - (b) Undertake any task under the influence of marijuana when doing so would constitute negligence or professional malpractice; or
 - (c) Operate, navigate, or be in actual physical control of any dangerous device or motor vehicle, aircraft or motorboat while under the influence of marijuana; or
 - (d) Bring a claim against any employer, former employer or prospective employer for wrongful discharge, discrimination, or any similar cause of action or remedy, based on the employer, former employer or prospective employer prohibiting the employee, former employee or prospective employee from being under the influence of marijuana while at work or disciplining the employer or former employee, up to and including termination from employment, for working or attempting to work while under the influence of marijuana.
- (2) No Medical Marijuana Cultivation Facility, Medical Marijuana Dispensary Facility, or Medical Marijuana-Infused Products Manufacturing Facility shall be owned, in whole or in part, or have as an officer, director, board member, manager, or employee, any individual with a disqualifying felony offense. A "disqualifying felony offense" is a violation of, and conviction or guilty plea to, state or federal law that is, or would have been, a felony under Missouri law, regardless of the sentence imposed, unless the department determines that:

- (a) The person's conviction was for the medical use of marijuana or assisting in the medical use of marijuana; or
- (b) The person's conviction was for a non-violent crime for which he or she was not incarcerated and that is more than five years old; or
- (c) More than five years have passed since the person was released from parole or probation, and he or she has not been convicted of any subsequent criminal offenses.
- (3) All Medical Marijuana Cultivation Facility, Medical Marijuana Dispensary Facility, or Medical Marijuana-Infused Products Manufacturing Facility licenses shall be held by entities that are controlled by natural persons who have been citizens of the state of Missouri for at least one year. Notwithstanding the forgoing, entities outside the state of Missouri may own a minority stake in such entities.
- (4) A county may require a site permit for a Medical Marijuana Dispensary Facility utilizing generally applicable permitting standards. In addition, a county may limit the number of site permits granted for Medical Marijuana Dispensary Facilities, provided however that the number may not be limited to fewer than one site for every thirty thousand inhabitants, or any portion thereof, in such county, according to the most recent census of the United States.
- (5) No Medical Marijuana Cultivation Facility, Medical Marijuana Dispensary Facility or Medical Marijuana-Infused Products Manufacturing Facility shall manufacture, package or label marijuana or marijuana-infused products in a false, misleading or confusing manner or in any manner likely to cause confusion between the marijuana or marijuana-infused product and any product not containing marijuana. All edible marijuana-infused products shall be sold in individual child-resistant containers that are labeled with dosage amounts, instructions for use, and estimated length of effectiveness. All marijuana and marijuana-infused products shall be sold in containers clearly and conspicuously labeled, in a font size at least as large as the largest other font size used on the package, as containing "Marijuana," or a "Marijuana-Infused Product." A purposeful violation of this subdivision shall be punishable by imprisonment of up to one year and a fine of up to ten thousand dollars.
- (6) No poisonous or deleterious substances shall be added to any marijuana or marijuana-infused product sold for medical use. Doing so purposefully shall be punishable by imprisonment of up to one year and a fine of up to ten thousand dollars.
- (7) No individual shall serve as the primary caregiver for more than three qualifying patients.
- (8) No qualifying patient shall consume marijuana for medical use in a public place. Violation of this prohibition shall subject the violator to department sanctions, including an administrative penalty and loss of their patient identification card for up to a year.
- (9) No person shall extract resins from marijuana using dangerous materials or combustible gasses without a Medical Marijuana-Infused Products Manufacturing Facility license. Violation of this prohibition shall subject the violator to department sanctions, including an administrative penalty and loss of their identification card or license for up to a year.
- (10) All patient cultivation shall take place in an enclosed, locked facility that is equipped with security devices that permit access only by the qualifying patient authorized to cultivate the plants or by such patient's primary caregiver. Two qualifying patients, who both hold valid patient cultivation identifications, may share one enclosed locked facility. No more than twenty-four marijuana plants may be cultivated in a single enclosed locked facility.
- (11) No Medical Marijuana Cultivation Facility, Medical Marijuana Dispensary Facility, or Medical Marijuana-Infused Products Manufacturing Facility shall assign, sell, give, lease, sublicense, or otherwise transfer its license to any other entity.
- (12) Unless allowed by the local government, no new Medical Marijuana Cultivation Facility, Medical Marijuana Dispensary Facility, or Medical Marijuana-Infused Products Manufacturing Facility shall be located within one thousand feet of any then-

existing elementary or secondary school, child day-care center, or church. No local government shall prohibit Medical Marijuana Cultivation Facilities, Medical Marijuana Infused Products Manufacturing Facilities, or Medical Marijuana Dispensary Facility, either expressly or through the enactment of ordinances or regulations which make their operation impracticable in the jurisdiction. However, local governments may enact ordinances or regulations not in conflict with this section, or with regulations enacted pursuant to this section, governing the time, place, and manner of such facilities in the locality. A local government may establish civil penalties for violation of an ordinance or regulations governing the time, place, and manner of a Medical Marijuana Cultivation Facility, Medical Marijuana Infused Products Manufacturing Facility, or Medical Marijuana Dispensary Facility that may operate in such locality.

- (13) Unless superseded by federal law or an amendment to this Constitution, a physician shall not recommend or prescribe the medical use of marijuana to a patient by any means other than providing a physician certification for the patient, whether handwritten, electronic or in another commonly used format. No physician shall issue more physician certifications than a number equivalent to twenty-five percent of their total number of prescriptions for other drugs.
- (14) A physician shall not recommend or prescribe the medical use of marijuana to a non-emancipated patient under the age of eighteen without the written consent of a parent or legal guardian.
- (15) Nothing in this section shall be construed as mandating health insurance coverage of medical marijuana for patient use.
- (16) Real and personal property used in the cultivation, transport, sale, and administration of marijuana for medical use shall not be subject to asset forfeiture solely because of that use.

8. Severability

The provisions of this section are severable and if any clause, sentence, paragraph or section of this measure, or an application thereof, is adjudged invalid by any court of competent jurisdiction, other provisions shall continue to be in effect to the fullest extent possible.

9. Effective Date

The provisions of this section shall become effective on December 8, 2016, as provided by this Constitution.
