**Missouri State Auditor**

To the County Commission  
and  
Officeholders of Clark County, Missouri

The Office of the State Auditor is responsible under Section 29.230, RSMo, for auditing certain operations of Clark County, and issues a separate report on that audit. In addition, the Office of the State Auditor has contracted for an audit of the county's financial statements for the year ended December 31, 2015, through the state Office of Administration, Division of Purchasing and Materials Management. A copy of this audit, performed by Lisa C. Wright, LLC, Certified Public Accountant, is attached.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and  
Officeholders of Clark County  
Kahoka, Missouri

I have audited the accompanying financial statement of Clark County, Missouri as of December 31, 2015 for the year then ended, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri Law which practice differs from accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

My responsibility is to express an opinion on these financial statements based upon my audit. I conducted my audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. Procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

The CPA. Never Underestimate The Value.®

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Clark County, Missouri, using practices prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In my opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Clark County, as of December 31, 2015 or changes in the financial position for the year then ended.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In my opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the cash and cash equivalents balances of each fund of the County, as of the year ended December 31, 2015, and the respective cash receipts and disbursements and the budgetary results for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note 1.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated July 27, 2016, on my consideration of Clark County's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clark County's internal control over financial reporting and compliance.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Clark County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, County Clerk, Coroner, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

**Reporting Entity**

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Clark County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity.

Certain elected County officials, particularly the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of individuals, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are not reported on the accompanying financial statements and are unaudited.

**Basis of Presentation**

The accompanying financial statements present the receipts, disbursements, and changes in cash and cash equivalents of all funds of Clark County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the county. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission, an elected county official, or the Senior Services Board. The General Revenue Fund is the county’s general operation fund, accounting for all financial resources except those whose use is restricted for specified purposes.

**Basis of Accounting**

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Clark County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

**Budgets and Budgetary Accounting**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. The following funds were deficit budgeted, Deputy Supplemental Salary, Sex Offender Compliance, Prosecuting Attorney Administrative Cost and Recorder Funds.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

10. Section 50.740 RSMo. prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Sheriff's Revolving Fund and the Tax Maintenance Fund.

**Cash and Cash Equivalents**

Cash and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. The cash and cash equivalents balances are detailed in Note 2.

**Interfund Activity**

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

**NOTE 2 - CASH AND CASH EQUIVALENTS**

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption.

Deposits – Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2015, the carrying amount of the County's deposits was \$996,819 and the bank balances were \$1,153,097. Of the bank balances at December 31, 2015, \$250,000 were covered by federal depository insurance, the remainder was covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 2 - CASH AND CASH EQUIVALENTS (Continued)**

At December 31, 2015, the County Collector held, in addition to the cash and cash equivalents listed above, cash representing collections of property taxes on behalf of various taxing districts in the County. Tax collections on deposit amounted to \$5,015,932 at December 31, 2015. The County Collector's deposits were covered by federal depository insurance of \$250,000 as of December 31, 2015, and the remainder was covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

**NOTE 3- TAXES**

Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for calendar year 2015 were:

	General Revenue & Senior Services	Special Road and Bridge
Real Estate	\$ 64,518,593	\$ 56,270,221
Personal Property	24,883,858	24,383,510

**NOTE 5 - COUNTY EMPLOYEES' RETIREMENT PLANS**

**County Employee's Retirement Fund (CERF)**

The County Employee's Retirement Fund (Retirement Fund) was established by the State of Missouri to provide pension benefits for County officials and employees.

**Plan Description**

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections

**NOTE 5 - COUNTY EMPLOYEES' RETIREMENT PLANS (continued)**

57.949 to 57.997, RSMo. and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

**Pension Benefits**

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar amount, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death. Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement at age fifty-five with reduced benefits is allowed. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions. The County Employees' Retirement Fund issues audited financial statements.

Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri 65101, or by calling 1-877-632-2373.

**Funding Policy**

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002, in order to participate in CERF. During 2015, the County collected and remitted to CERF employee contributions of \$34,889.

**Local Government Employees Retirement System (LAGERS)**

**Plan description:** Clark County's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. Clark County participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the plan in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 5 - COUNTY EMPLOYEES' RETIREMENT PLANS (continued)**

The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven members. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at [www.molagers.org](http://www.molagers.org).

**Benefits provided:** LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

**Employees covered by benefit terms:** At June 30, 2015, the following employees were covered by the benefit terms:

	General	Police
Inactive employees or beneficiaries currently receiving benefits	23	8
Inactive employees entitled to but not yet receiving benefits	5	0
Active Employees	29	6
Total	57	14

**Contributions:** The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 0.2% (General) and 0.7 % (Police) of annual covered payroll.

**Net Pension Liability.** The employer's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2015.

Clark County, Missouri  
Notes to Financial Statements  
December 31, 2015

**NOTE 5 - COUNTY EMPLOYEES' RETIREMENT PLANS (continued)**

**Actuarial assumptions.** The total pension liability in the February 28, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.5% wage inflation, 3.0% price inflation
Salary Increase	3.5% to 6.8% including wage inflation
Investment rate of return	7.25%

Mortality rates were based on the 1994 Group Annuity Mortality Table set back 3 years for both males and females. The actuarial assumptions used in the February 28, 2015 valuation were based on the results of an actuarial experience study for the period March 1, 2005 through February 28, 2010.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	48.50%	5.50%
Fixed Income	25.00%	2.25%
Real Assets	20.00%	4.50%
Strategic Assets	6.50%	7.50%

**Discount rate.** The discount rate used to measure the total pension liability is 7.25 %. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

**Payable to the Pension Plan**

The general division and police division reported a payable of \$(514,004) and \$(66,468), respectively, for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2015.

**401(A) Pension Plan**

Participation in the plan is mandatory for all employees who have worked 1,000 hours in a calendar year. The County does not contribute to the plan. Plan participants contribute .7% of earnings to the plan.

**Deferred 457 Pension Plan**

Participation in the plan is voluntary for all full-time employees. Part-time employees are not eligible to participate in the plan. Plan participants can elect to contribute any whole percentage or dollar amount of their earnings to the plan. Fifty cents on the dollar is matched by CERF on the first 6% of an employee's contribution.

**NOTE 6 - POST EMPLOYMENT BENEFITS**

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

**NOTE 7 - CLAIMS, COMMITMENT AND CONTINGENCIES**

**Compensated Absences**

The County provides full-time employees with up to 176 hours of sick time – to accrue at one day per complete calendar month of employment. Upon termination, the employee will not be compensated for any unused sick time. Full-time employees are allowed five days personal time per calendar year with no carryover to the next year. Vacation time is awarded after each anniversary hire date. The employee receives one week after one year, one week and one day after two years, one week and two days after three years, one week and three days after four years, two weeks after five years, and two weeks plus one additional day per year over six years of service up to three weeks. Vacation time does not carry over to following years.

**Federal and State Assisted Programs**

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

**NOTE 8 - RISK MANAGEMENT**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

**NOTE 10- LONG-TERM DEBT**

In 2010, the County issued Taxable General Obligation Bonds of \$4,000,000 to provide for the construction of a new county courthouse. Taxable general obligation bonds are direct obligations of the County. The County has pledged its full faith and credit. Additionally, the County has pledged to maintain and collect revenues through sales tax sufficient to pay the principal and interest on such bonds as they become due. The bonds are due in annual installments of \$125,000 to \$360,000 through June of 2030. Interest payments are scheduled semi-annually from 2.30% to 6.50% (before federal subsidy). The schedule of bond payments and interest is listed below.

The bonds were issued through the Build America Recovery Zone Economic Development Bonds program that provides 45% in federal subsidies on the total interest requirements. The interest is paid to the County on a semi-annual basis corresponding with the interest payment dates to the bondholders. Subsidy payments were received prior to December 31, 2015, totaling \$185,765.

**NOTE 10 – PROSECUTING ATTORNEY RETIREMENT FUND**

In accordance with Section 56.807 RSMo, Clark County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorney's and Circuit Attorney's Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Clark County contributed \$2,244 for the year ended December 31, 2015.

**NOTE 11-SUBSEQUENT EVENTS**

**Subsequent Events**

The County has evaluated events subsequent to December 31, 2015 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through July 27, 2016, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements. As of June 2016, the County had paid off the John Deere 770G Motorgraders.

To the County Commission and  
Officeholders of Clark County  
Kahoka, Missouri

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Clark County, Missouri as of and for the year ended December 31, 2015 and the related notes to the financial statements, which collectively comprise Clark County, Missouri's basic financial statement, and have issued my report thereon, dated July 27, 2016.

### **Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements I considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County's internal control. Accordingly, I do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my testing disclosed two instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Findings and Recommendations as item 1 and 2.

## **Clark County's Response to Findings**

The County's response to findings identified in my audit is described in the accompanying Findings and Recommendations. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

## **Purpose of the Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entities internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entities internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Findings and Recommendations**

1. Condition: Actual expenditures exceeded budgeted expenditures in the Tax Maintenance Fund and Sheriff's Revolving Fund. RSMo 50.740 prohibits expenditures in excess of approved budgets. Additionally, case law provides that strict compliance with county budget laws is required by county officials. If there are valid reasons which require excess disbursements (i.e. emergencies, unforeseen occurrences, and statutorily required obligations), amendments should be made following the same process by which the annual budget is approved, including holding public hearings and filing the amended budget with the State Auditor's Office.

Recommendation: If there are valid reasons which require excess disbursements (i.e. emergencies, unforeseen occurrences, and statutorily required obligations), amendments should be made following the same process by which the annual budget is approved, including holding public hearings and filing the amended budget with the State Auditor's Office.

County Response: We will continue to monitor.

2. Condition: Detail for the budget did not match general journal and subsidiary ledger in at least five categories: Other General Government (01-519), County Commission (01-511), Assessor (05-516), Other General Government (42-519), and Other General Government (30-519).

Recommendation: I recommend the County Clerk and Treasurer reconcile the subsidiary journal ledger to the General Ledger on a timely basis.

County Response: The County is implementing a system to make sure that the budget matches the general journal and the subsidiary ledger.

3. Condition: State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. The following funds were deficit budgeted, Deputy Supplemental Salary, Sex Offender Compliance, Prosecuting Attorney Administrative Cost and Recorder Funds.

Recommendation: When planning and reviewing the annual budget, I recommend for the County to follow the state's budget law closely to ensure that no funds are deficit budgeted.

County Response: The Deputy Supplemental Salary is deficit budgeted because it is a reimbursement which means the County has to spend money for receipts to come in. The Sex Offender Compliance and the Recorder Funds were deficit budgeted because they were both broken out of the general budget for the first time this fiscal year. The County will continue to monitor these funds.
