# Compilation of 2006 Criminal Activity Forfeiture Act Seizures

Office Of  
Missouri State Auditor  
Susan Montee

February 2007

**As required by state law the State Auditor's Office compiled the 2006 Criminal Activity Forfeiture Act (CAFA) seizure reports submitted to our office by prosecuting attorneys and the Attorney General. This compilation was limited to the presentation of information submitted.**

The State Auditor received a total of 97 (83%) of the 116 CAFA seizure reports, from prosecuting attorneys and the Attorney General for property seized in calendar year 2006 as required by Section 513.607, RSMo. Ninety-two (79%) of the reports were received prior to the January 31, 2007 deadline.

A comparison of 2006 report filings to those of prior years shows fewer seizures in 2006; however, these seizures have a higher dollar value.

To accomplish our objectives, we compiled all seizure information submitted to the State Auditor for calendar year 2006 and reviewed the compiled information previously submitted for the calendar years 2005 and 2004 so that a comparison would be available.

A letter dated January 11, 2007 was mailed to prosecuting attorneys and the Attorney General, notifying them of the deadline for submission of the CAFA seizure and forfeiture reports. This letter listed the information that should be included in their report according to Section 513.607 RSMo., and that the report should be submitted to both the State Auditor and to the Director of the Department of Public Safety. The letter also indicated that if there were no seizures, a report was still needed indicating that information.

Due to statutory deadline to submit this report, only seizure reports received by February 22, 2007 are included in the compilation.

**All reports are available on our website: [www.auditor.mo.gov](http://www.auditor.mo.gov)**

## STATE AUDITOR'S REPORT

**SUSAN MONTEE, CPA**  
**Missouri State Auditor**

Honorable Matt Blunt, Governor  
and  
Members of the General Assembly  
Jefferson City, MO 65102

As required by Section 513.607, RSMo, we have compiled the 2006 Criminal Activity Forfeiture Act (CAFA) seizure reports submitted to the State Auditor by prosecuting attorneys and the Attorney General. A compilation is limited to presenting information that is submitted. We have not audited the reports submitted and, accordingly, do not express an opinion or any other form of assurance on them. The primary objectives of this compilation were to:

- (1) Identify those officials who submitted 2006 CAFA seizure reports to the State Auditor.
- (2) Summarize and evaluate the 2006 CAFA seizure information reported.

Section 513.607 RSMo, requires prosecuting attorneys and the Attorney General to report CAFA seizures for the previous calendar year by January 31 to both the Director of the Department of Public Safety and the State Auditor. We received 79% of the CAFA seizure reports by the required due date of January 31, 2007. The work for this report was substantially completed by February 2007.

## EXECUTIVE SUMMARY

## **EXECUTIVE SUMMARY**

### **Background**

The State Auditor's report number 99-97 titled *Review of Forfeited Property* identified weaknesses in the state's Criminal Activity Forfeiture Act (CAFA) law. Subsequently, revisions to the state's CAFA law (Sections 513.600 to 513.653 RSMo) were addressed requiring the prosecuting attorneys and the Attorney General to whom seizures were reported to submit a copy of the seizure report to the State Auditor at the time the report is submitted to the Director of the Department of Public Safety (DPS). The legislation added the requirement for the State Auditor to make an annual report compiling the data received regarding the seizures. A penalty provision for intentional or knowing failure to comply with any reporting requirements was also included.

Other revisions in the CAFA included more restrictions on transfers of seized property by state or local agency to any federal agency. These restrictions were not reviewed, as they are not within the scope of our report.

### **Compliance with Submitting Criminal Activity Forfeiture Act (CAFA) Seizures Reports**

The State Auditor received a total of 97 (83 percent) of the 116 CAFA seizure reports, from prosecuting attorneys and the Attorney General for property seized in calendar year 2006 as required by section 513.607, RSMo. Ninety-two (79 percent) of the reports were received prior to the January 31, 2007 deadline. Table 1.1 lists the total number of CAFA seizure reports submitted to the State Auditor for 2006, 2005, and 2004. Additionally, for 2006, 44 (38 percent) of the total reports, reported zero seizures.

\* Includes 9 CAFA seizure reports submitted by prosecuting attorneys to the State Auditor after the 2005 report was issued. Only Barry, Dunklin, Madison, Perry, Texas, and Wayne county prosecuting attorneys failed to submit a 2005 CAFA seizure report to the State Auditor.

### **Prosecutors that Failed to Report 2006 CAFA Seizures or Submitted Report Late**

Table 1.2 lists the prosecuting attorneys that either submitted the 2006 CAFA seizure report after January 31, 2007 or failed to report a 2006 CAFA seizure report at all. Section 513.607.10 RSMo states intentional or knowing failure to comply with any reporting requirement shall be a class A misdemeanor, punishable by a fine of up to one thousand dollars.

## Compliance with Reporting the Required Information

Section 513.607.8, RSMo, requires the prosecuting attorneys and the Attorney General to report the following information: date, time, and place of the seizure, the property seized, the estimated value of the property seized, the criminal charges filed, and the disposition of the seizure, forfeiture, and criminal actions. Table 1.4 lists the required information for the CAFA seizure reports received and the number of cases that reported each required item. Some reports did not include all of the required information; therefore our compilation includes only the information reported.

\*\* The decrease in the number of seizures from 2005 to 2006 appears due to a decrease in seizures reported from St. Louis City. In 2005, St. Louis City reported 1,146 seizures including 930 vehicles. In 2006, St. Louis City reported only 90 seizures with no vehicles.

See Appendix II for a listing of the number of 2006 CAFA seizure cases that contained the required information reported for each prosecuting attorney and the Attorney General.

## OBJECTIVES, SCOPE, AND METHODOLOGY

## **OBJECTIVES, SCOPE, AND METHODOLOGY**

### **Objectives**

The primary objectives of this compilation were to: (1) identify those officials who submitted 2006 CAFA seizure reports to the State Auditor and (2) summarize and evaluate the 2006 CAFA seizure information reported.

### **Scope and Methodology**

To accomplish our objectives we:

- Reviewed the compiled seizure information submitted to the State Auditor for calendar year 2005 and 2004 for comparison purposes only.
- Mailed a letter to prosecuting attorneys and to the Attorney General, dated January 11, 2007, reminding them of the deadline for submission of the CAFA seizure and forfeiture reports.
- Compiled all seizure information submitted to the State Auditor for calendar year 2006.
- Identified the reports that were submitted on a timely basis.
- Identified the reports that did not contain the required information.
- Compiled the dollar value of the disposition of all seizures reported.
- Contacted the Missouri Department of Public Safety to identify the 2006 CAFA seizure reports submitted to both the State Auditor and to the Director of the Missouri Department of Public Safety or to one office.
- Compiled only seizure reports received by February 22, 2007, due to the February 28, 2007 statutory deadline for the State Auditor to submit this report.

### **Limitations**

The data presented in the appendixes was compiled from information submitted by the various prosecuting attorneys and the Attorney General and were not verified by us via additional audit procedures. In analyzing these appendixes, some disparity may result due to the different methods used by the various prosecuting attorneys and the Attorney General of presenting essentially the same information.
