

**MISSOURI STATE AUDITOR'S OFFICE
FISCAL NOTE (11-112)**

Subject

Initiative petition from Mark Reading regarding a proposed amendment to Chapters 149 and 196 of the Revised Statutes of Missouri. (Received December 29, 2011)

Date

January 13, 2012

Description

This proposal would amend Chapters 149 and 196 of the Revised Statutes of Missouri.

The amendment is to be voted on in November, 2012.

Public comments and other input

The State Auditor's office requested input from the **Attorney General's office**, the **Department of Agriculture**, the **Department of Economic Development**, the **Department of Elementary and Secondary Education**, the **Department of Higher Education**, the **Department of Health and Senior Services**, the **Department of Insurance**, **Financial Institutions and Professional Registration**, the **Department of Mental Health**, the **Department of Natural Resources**, the **Department of Corrections**, the **Department of Labor and Industrial Relations**, the **Department of Revenue**, the **Department of Public Safety**, the **Department of Social Services**, the **Governor's office**, the **Missouri House of Representatives**, the **Department of Conservation**, the **Department of Transportation**, the **Office of Administration**, the **Office of State Courts Administrator**, the **Missouri Senate**, the **Secretary of State's office**, the **Office of the State Public Defender**, the **State Treasurer's office**, **Adair County**, **Boone County**, **Callaway County**, **Cass County**, **Clay County**, **Cole County**, **Greene County**, **Jackson County Legislators**, **Jasper County**, **St. Charles County**, **St. Louis County**, **Taney County**, the **City of Cape Girardeau**, the **City of Columbia**, the **City of Jefferson**, the **City of Joplin**, the **City of Kansas City**, the **City of Kirksville**, the **City of Kirkwood**, the **City of Mexico**, the **City of Raymore**, the **City of St. Joseph**, the **City of St. Louis**, the **City of Springfield**, the **City of Union**, the **City of Wentzville**, the **City of West Plains**, **Cape Girardeau 63 School District**, **Hannibal 60 School District**, **Rockwood R-VI School District**, **Linn State Technical College**, **Metropolitan Community College**, **University of Missouri** and **St. Louis Community College**.

Mark Reading provided information as a proponent of the proposal to the State Auditor's office.

Assumptions

Officials from the **Attorney General's office** said they assume that any local political subdivision adopting a cigarette tax pursuant to the terms of the proposal would be responsible for its enforcement. Based on that assumption, they assume any potential costs resulting section 149.192 from the proposal could be absorbed with existing resources.

The officials stated that the proposal modifies section 196.1003, containing the escrow requirement for tobacco manufacturers who did not participate in the tobacco settlement. The proposal would simplify one issue related to enforcement of the escrow provisions. Due to the complexity of the current litigation related to the tobacco settlement; however, they do not expect the proposal to immediately result in savings. After litigation concludes, they assume the proposal would result in a savings of .5 AAG II, (\$47,500) resulting in a savings of \$39,963 in FY13 to the General Revenue Fund.

The officials also noted that the amendment to section 196.1003 has the potential to result in an increase to the amount of payments received by Missouri from the Master Settlement Agreement (MSA). Because the amount of the payments is calculated based on variables such as the amount of sales in a given year, they cannot specifically predict the dollar amount.

Officials from the **Department of Agriculture** indicated there will be no fiscal impact on their department.

Officials from the **Department of Economic Development** indicated there will be no impact for their department.

Officials from the **Department of Elementary and Secondary Education** indicated they assume this initiative will have no cost on the agency. The initiative appears to give local voters the right to set and control local tobacco taxes which they have not previously had the authority to control. Since all existing local tobacco taxes in place on the effective date of this initiative shall remain in effect, there appears to be a potential at the local level for increased revenue. Any impact would depend upon the actions of local voters and cannot be estimated.

Officials from the **Department of Higher Education** indicated the proposal contained in this initiative petition would have no direct, foreseeable fiscal impact on their department.

Officials from the **Department of Health and Senior Services** indicated this initiative petition is a no impact note for their department.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** indicated this petition, if passed, will have no cost or savings to their department.

Officials from the **Department of Mental Health** indicated this proposal places no direct requirements on the department that would result in a fiscal impact.

Officials from the **Department of Natural Resources** indicated they would not anticipate a direct fiscal impact from this initiative petition.

Officials from the **Department of Corrections** indicated this petition will have no fiscal impact on their department.

Officials from the **Department of Labor and Industrial Relations** indicated this petition will have no fiscal impact on their department.

Officials from the **Department of Revenue** indicated this petition will have no fiscal impact on their department.

Officials from the **Department of Social Services** indicated:

The adoption of local tobacco taxes will not create any additional revenue for the department because the tax is collected and the use of the proceeds is controlled at the local level. They said they currently receives money from the Health Initiatives Fund, which is funded by the existing tobacco tax under Subsection 149.015.8. If smoking consumption decreases as a result of an increase in tobacco taxes at the local level, there could be a decrease in the amount of funds available in the Health Initiatives Fund. However, a decrease in smoking consumption is purely speculative at this time. Unlike Initiative Petition 11-66, these initiative petitions do not provide a mechanism to keep the Health Initiatives Fund whole if there would be a decrease in tobacco consumption.

Officials from the **Governor's office** indicated there should be no added costs or savings to their office if any version is approved by the voters.

Officials from the **Missouri House of Representatives** indicated there would be no fiscal impact to their office.

Officials from the **Department of Conservation** indicated that no adverse fiscal impact to their department would be expected as a result of this proposal.

Officials from the **Office of Administration (OA)** indicated this proposal has no impact on their office. This proposal has no direct impact on total state revenues, but may have an unknown indirect impact if statewide tobacco sales are reduced as a result of municipal actions.

Proposals 11-112 and 11-114 also amend Chapter 196, RSMo. which consists of provisions related to the Master Settlement Agreement. OA defers to the Attorney General's Office for any fiscal impact.

Officials from the **Office of State Courts Administrator** indicated there is no fiscal impact on their office.

Officials from the **Missouri Senate** indicated this initiative petition appears to have no fiscal impact as it relates to their agency.

Officials from the **Secretary of State's office** indicated their office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In fiscal year 2011, at the August and November elections, there were 6 statewide Constitutional Amendments or ballot propositions that cost \$1.02 million to publish (an average of \$170,000 per issue). Therefore, the Secretary of State's office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements.

Officials from the **Office of the State Public Defender** indicated this initiative petition will not have any significant impact on their office.

Officials from the **State Treasurer's office** indicated there will be no fiscal impact to their office.

Officials from **St. Louis County** indicated that because the proposal only creates the right to set and control local tobacco taxes and does not specify any particular tax rate, the potential revenues are not calculable. No savings, costs or losses are expected as a result of the proposal.

Officials from the **City of Columbia** indicated the initiative appears to have no direct effect on the city.

Officials from the **City of Jefferson** indicated they do not expect any fiscal impact should this petition become law.

Officials from the **City of Kansas City** indicated because additional action must be had – an election – this petition does not present any new revenue, loss of revenue, new costs, or savings to their city.

Officials from the **City of Kirkwood** indicated the biggest impact is the city's share of a county-wide election, estimated at about +/- \$10,000. This is a one-time cost that the city considers negligible. If the tax was to become a law in St. Louis County and if the city shared in the use of that tax, it could be beneficial.

Officials from the **City of Raymore** indicated there is no fiscal impact.

Officials from the **City of St. Joseph** indicated no impact on the city at this point.

Officials from the **City of St. Louis** indicated a potential positive impact on revenues. The proposed proposition would allow for local elections to "set and control local tobacco taxes." This would provide a potential new source of revenue to the city. The proposition does not specify a rate and thus the potential impact cannot be quantified.

Officials from the **City of Wentzville** indicated a possible \$50,000 annual loss to the General Fund.

Officials from **Rockwood R-VI School District** indicated that as it is written, the district sees no estimated cost or savings from this measure.

Officials from **Linn State Technical College** indicated that based on the information presented, if this results in an increase in general revenue for the State of Missouri, there may be a positive fiscal impact on their college since the majority of their state appropriations come from general revenue funds.

Officials from **Metropolitan Community College** indicated this would have no direct fiscal impact on the college.

Mark Reading provided information as a proponent of this initiative petition.

Proposed Statement of Fiscal Impact
for Local Voters' Right to Set and Control Local Tobacco Taxes
Statutory Version 6

Fiscal Impact Information Submitted Pursuant to Section 23.140.2 and 15 CSR 40-5.010

The cost of the proposed amendment to the state for the next two fiscal years is zero. The proposal has no fiscal impact on state funds because the proposal requires nothing from state government.

Further, the proposal has no fiscal impact on local funds because it is a "local voter control" measure that includes no mandate. It requires nothing of local governments.

ESTIMATED NET EFFECT ON STATE FUNDS		
Fund Affected	FY 2013	FY 2014
General Revenue	\$0	\$0
Total Estimated Net Effect on All State Funds	\$0	\$0
ESTIMATED NET EFFECT ON LOCAL FUNDS		
Local Funds	\$0	\$0
Total Estimated Net Effect on All Local Funds	\$0	\$0

Legislative fiscal notes for similar "local voter control" measures are highly instructive on the fiscal impact of this proposal. As detailed in the analysis set out below, all 75 examples of legislative fiscal notes for bills empowering local voters to decide an issue received "zero cost" fiscal notes.

Fiscal Summary Recommendation

Based on the analysis of the measure set forth above and the review below of the practices of the Missouri General Assembly over the past five years in universally finding "zero" state and local fiscal impact for proposals that empower local voters to decide local issues, it is requested and recommend that the State Auditor's Office use the following language for its fiscal note summary:

"This proposal will give local voters the right to set and control local tobacco taxes in their cities and counties. There is no cost to state or local government"

ANALYSIS OF FISCAL IMPACT OF RECENT LOCAL VOTER CONTROL LEGISLATION

The analysis contained in this document was conducted to determine how the Missouri General Assembly has evaluated the cost in the fiscal notes of legislation that empower local voters to decide local issues.

The online records for the past five years (2007-2011) of the General Assembly have been searched to identify all applicable examples. A detailed electronic spreadsheet is attached to this analysis:

- Missouri General Assembly - 76 applicable bills and joint resolutions over the past five years have been identified. The attached electronic spreadsheet provides information on the session year, bill number, whether the bill was finally passed, the purpose, cost, and the Oversight Division's comment about the cost. In addition, internet hyperlinks have been provided to enable any reviewer to find the fiscal note, bill text, and bill summary for the pieces of legislation.

Analysis of Missouri General Assembly Fiscal Notes

A total of 76 bills and joint resolutions have been identified that analyze the fiscal impact of empowering local voters to decide local issues. The list includes 75 bills and one joint resolution.

Bills and Joint Resolutions Empowering Local Votes

Year of Session	House	Senate	Total
2011	3	3	6
2010	2	17	19
2009	3	14	17
2008	8	6	14
2007	10	10	20
Total	26	50	76

Many of the bills were introduced as single subject pieces of legislation. The General Assembly often grouped similar pieces of single subject legislation into an omnibus bill that was then moved forward out of committee to the floor for action by the House or Senate. A total of 15 bills were passed by the General Assembly over the past five years that empower local voters to decide local issues. These bills often were omnibus bills that included provisions that had been included in bills filed in previous sessions.

Year of Session	Bills passed
2011	3
2010	5
2009	0
2008	1
2007	6
Total	15

The 76 bills contain a wide variety of topics and also a wide variety of local taxes that would be authorized for a local vote to fund the purposes of the bills. In addition, a long list of cities and counties of all sizes have been included in the 76 bills. Examples of the topics include but are not limited to the following:

- Transient guest taxes for a variety of purposes in many jurisdictions, including but not limited to:
 - ✓ Cities of St. Peters, Jefferson City, Sugar Creek, Waynesville, Grandview, North Kansas City, St. Joseph, Van Buren, Raytown, St. Ann, Ashland, Sullivan, Centralia, Excelsior Springs, Kimberling City, Charleston, St Charles, Gladstone, Augusta, Carrollton, Chillicothe, Liberty, Miami, Missouri City, Hollister, and Pleasant Hill.
 - ✓ Counties of Montgomery, Pettis, Ripley, Buchanan, Cass, St. Louis, Franklin, Perry, Pemiscot, and Pulaski.
- Sales taxes -
 - ✓ Libraries - Butler, Ripley, Wayne, Stoddard, New Madrid, Dunklin, Pemiscot, Audrain, Adair, Clark, Clay, Knox, Lewis, Marion, Monroe, Pike, Putnam, Ralls, Schuyler, Scotland, and Shelby
 - ✓ Public Safety - St. Joseph, Peculiar, Kansas City, Grandview, Harrisonville
 - ✓ Port Improvement Districts
 - ✓ Ambulance Districts
 - ✓ Fire Protection Districts
 - ✓ Promote tourism
 - ✓ Senior services and youth programs
 - ✓ Public health and safety projects and programs of the county public health center
- Property taxes -
 - ✓ KC Zoological District
 - ✓ Cemetery maintenance
 - ✓ Ambulance Districts
 - ✓ Exhibition center and recreational facility districts
 - ✓ Multipurpose conference and convention center
 - ✓ Establishment, operation, and maintenance of an emergency communications system
 - ✓ Special road rock fund tax on agricultural and horticultural property
 - ✓ Construction, operation and maintenance of a community health center
- Fees
 - ✓ For homeless person assistance
 - ✓ Water service fees for enforcement of property maintenance
 - ✓ Water service fees for repair/replacement of water lines

While there is a wide variety of taxes and purposes included in the bills, there is a single conclusion used by the Oversight Division regarding the cost of empowering local voters to decide local issues - no fiscal impact. The Oversight Division has used several phrases to describe this lack of fiscal impact, including the following examples using the eight relevant bills passed by the General Assembly in its regular sessions in 2011 and 2010.

1. SB 226 (2011) sponsored by Sen. Engler in 2011 - The act allows for the organization of ambulance districts which may impose a sales tax not to exceed one-half of one percent. This provision is identical to other bills filed including SB 309 (2011), HB 542 (2011), and contains

provisions that are identical to SB 826 (2010). The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

"Oversight assumes this proposal as written is enabling legislation and would require action by the entity's governing body before fiscal impact would be realized. Oversight will indicate no state or local fiscal impact for fiscal note purposes."

2. HB 161 (2011) sponsored by Rep. Cox in 2011 - The bill changes the laws regarding certain taxes imposed by political subdivisions including allowing voter approval for transient guest taxes in St. Peters and Pettis County, a library sales tax for Butler, Dunklin, New Madrid, Ripley, Stoddard, or Wayne counties, and a sales tax for public safety in St. Joseph. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

Pettis County - *"Oversight assumes the tax could not be implemented without voter approval. Therefore, Oversight assumes this proposal to be permissive and would have no state or local fiscal impact."*

St. Joseph - *"Oversight assumes this proposal is enabling legislation and would have no fiscal impact unless the governing body would request the voters of their city approve the imposition of a sales tax. Oversight has no way to determine if the city would receive voter approval to impose a public safety sales tax; therefore, for the purposes of this fiscal note fiscal impact will be shown as zero."*

Library district - *"The sales tax could not be implemented without voter approval. Therefore, Oversight assumes this proposal to be permissive and would have no state or local fiscal impact."*

3. HB 142 (2011) sponsored by Rep. Gatschenberger - This bill changes the laws regarding political subdivisions including allowing voter approval of fees for water service and enforcement of property maintenance. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

"The fee must receive voter approval before it could be implemented; therefore, Oversight assumes this proposal is permissive and, by itself, would have no state or local fiscal impact."

4. HB 1316 (2010) sponsored by Rep. Deeken - This bill changes the laws regarding the collection of property taxes and the assessment of property including authorizing the establishment of the Kansas City Zoological District. The voters of the counties of Cass, Clay, Jackson, and Platte may choose to have their county be a part of the district. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

"Oversight assumes this proposal as written is enabling legislation and would require action by the county's governing body before fiscal impact would be realized. Oversight assumes no state or local fiscal impact."

5. HB 1442 (2010) sponsored by Rep. Jones - This omnibus act authorizes, upon voter approval, a variety of transient guest taxes (Jefferson City, Carter County, Ashland, Sugar Creek,

Montgomery County, St. Joseph, Buchanan County, Grandview, City of North Kansas City, Raytown, Waynesville) and sales taxes (Caldwell, Clinton, Daviess, and DeKalb counties Peculiar, Blue Springs, Grandview). The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost for the proposals in several ways.

Jefferson City/St. Joseph/Carter County/Raytown/Waynesville transient guest taxes - *"Oversight assumes this proposal as written is enabling legislation and would require action by the city's governing body before fiscal impact would be realized. Oversight assumes no state or local fiscal impact."*

Ashland, Sugar Creek and Montgomery County - *"Oversight assumes this proposal allows the City of Ashland, City of Sugar Creek and Montgomery County to impose a transient guest tax which shall be at least two percent, but not more than five percent, and could not be implemented without voter approval. Therefore, Oversight assumes this proposal to be permissive and would have no state or local fiscal impact."*

Daviess/Clinton/Caldwell/DeKalb counties - *"Oversight assumes this proposal is permissive and would require voter approval before any fiscal impact would be realized by the state or the new district."*

Peculiar/Blue Springs - *"The tax must receive voter approval before it could be implemented; therefore, Oversight assumes this proposal is permissive and, by itself, would have no state or local fiscal impact. Oversight has no way to determine if the city were to receive voter approval to impose a public safety sales tax; therefore, for the purposes of this fiscal note fiscal impact will be shown as zero."*

6. SB 578 (2010) sponsored by Sen. Shields - The Port Improvement District Act includes, upon voter approval, the port authority may levy sales and use taxes within the district. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

"Oversight assumes the proposal is permissive in nature and allows Port Authorities to pursue an increase in sales tax and/or property tax to fund projects. Approval must be given by the voters in the district. Therefore; Oversight will not reflect a direct fiscal impact as a result of this proposal."

7. SB644 (2010) sponsored by Sen. Shields - This act authorizes, upon voter approval, transient guest taxes (Montgomery County) and sales taxes (Caldwell, Clinton, Daviess, and DeKalb counties). The act includes provisions also contained in HB 1442 which was also passed by the General Assembly. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

Daviess/Clinton/Caldwell/DeKalb counties - *"Oversight notes that this proposal would allow the governing bodies of the four counties to submit a proposed exhibition center and recreational facility district to the voters. Since any fiscal impact related to these provisions would depend on future action by local*

government and voter approval, Oversight will not indicate any impact for fiscal note purposes."

8. SB 981 (2010) sponsored by Sen. Callahan - This act allows the governing body of Kansas City to seek voter approval to impose a one-eighth, one-fourth, one-half, or three-fourths percent sales tax to provide revenues for public safety activities. The official fiscal note for the Truly Agreed and Finally Passed bill includes the following language describing the lack of cost.

"Oversight assumes this proposal is enabling legislation and would have no fiscal impact unless the governing body would request the voters of their city approve the imposition of a sales tax."

Conclusion

The Missouri General Assembly clearly states in its fiscal analysis that bills empowering local voters to decide local issues has no fiscal impact. The bills are permissive in nature and simply enable local governments to decide if they wish to address local issues. The decision is left to the local jurisdiction and the local voters. The Oversight Division of the General Assembly has used a variety of sentences and paragraphs to describe the lack of fiscal impact but all have described no fiscal impact. This is true for all of the 76 bills in this analysis over a five year period.

2008	SB 897	Wilson	No	This act, upon voter approval, increases the fee collected by each recorder of deeds to fund the county homeless person assistance program from \$3 to \$10 if such a program has been created by the governing body.	\$0	Oversight assumes the fee increases provided for in this proposal would require voter approval. Oversight will show fiscal impact as \$0 or the amount estimated by the County Recorder of Deeds.	http://www.moga.mo.gov/Oversight/OVER08/fishtm/3856-01N.ORG.htm	http://www.senate.mo.gov/08info/pdf-bill/intro/SB897.pdf	http://www.senate.mo.gov/08info/BTS_Web/Bill.aspx?SessionType=R&BillID=6732
2008	SB 900	Vogel	No	Current law allows any county, city which is the county seat of any county, and various other cities to impose a tax, not to exceed five percent per room per night, on charges for sleeping rooms paid by guest of hotels and motels. This act increases the maximum levy from five percent to eight percent. Such increase will become effective only upon voter approval.	\$0	Oversight assumes this proposal increases the maximum tax from 5% to 8% that certain cities and counties could charge guest of hotels and motels and other business that offer sleeping rooms. Oversight assumes the increase could not be taxed without voter approval, therefore, Oversight assumes this proposal to be permissive, and would have no state or local fiscal impact.	http://www.moga.mo.gov/Oversight/OVER08/fishtm/3443-01N.ORG.htm	http://www.senate.mo.gov/08info/pdf-bill/intro/SB900.pdf	http://www.senate.mo.gov/08info/BTS_Web/Bill.aspx?SessionType=R&BillID=13099

Fiscal Note Summary

The proposal has no direct fiscal impact (change in costs, savings, or revenues) for state and local governmental entities since it would primarily modify state law to allow local tobacco taxes if submitted to and approved by voters. Escrow fund changes may result in an unknown increase in future state revenue.
