## INDEPENDENT AUDITOR'S REPORT

To the County Commission and  
Officeholders of Barry County, Missouri

We have audited the accompanying financial statements of Barry County, Missouri, as of and for the years ended December 31, 2013 and 2012, which collectively comprise the County's basic financial statements and the related notes to the financial statements as identified in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri law, which practices differ from accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Barry County, Missouri, using accounting practices prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Barry County, Missouri, as of December 31, 2013 and 2012, or the changes in its financial position for the years then ended.

**Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of the funds of Barry County, Missouri, as of December 31, 2013 and 2012, and their respective cash receipts and disbursements, and budgetary results of these funds for the years then ended, on the basis of accounting described in Note 1.

***Other Matters***

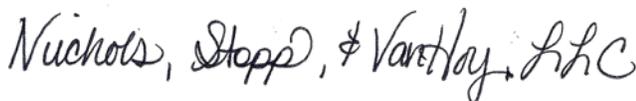

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Barry County, Missouri’s basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 11, 2014, on our consideration of Barry County, Missouri’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Barry County, Missouri’s internal control over financial reporting and compliance.

**Note 1 - Summary of Significant Accounting Policies**

Organized in 1835, the county of Barry was named after United States Postmaster General, William Taylor Barry. It is a third-class county, and the county seat is Cassville. Barry County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk/Ex-Officio Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Barry County, Missouri, the Barry County Senior Citizens Service Board, and the Barry County Senate Bill 40 Board.

Barry County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Barry County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Barry County's legal entity. The Barry County Senior Citizens Service Board and Senate Bill 40 Board are controlled by separate boards and are also included under the control of Barry County.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other government. These assets, which are held by these officeholders for the sole benefit of external parties, are not reported on the accompanying financial statements and are unaudited.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Barry County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Note 1 - Summary of Significant Accounting Policies (continued)**

Basis of Accounting (continued)

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Barry County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Barry County adopts a budget for each governmental fund.

On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

Budgets are prepared and adopted on the cash basis of accounting.

During our audit, we noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded the budgeted expenditures: Sheriff Special Enforcement Fund in 2012, Forest Reserve Fund in 2013 and 2012, and Deputy Sheriff Salary Supplementation Fund in 2012. We noted the following funds without a prepared budget: Flood Control Fund in 2013 and 2012 and Emergency Reserve Fund in 2013 and 2012. Also, the Collector's Tax Maintenance Fund is budgeted at a deficit in 2013 and 2012.

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Barry County's boundaries for the calendar year 2013 and 2012, respectively, for the purposes of County taxation was as follows:

	<u>2013</u>	<u>2012</u>
Real Estate	\$ 328,803,624	\$ 322,507,286
Personal Property	111,487,723	110,770,022
Railroad and Utilities	16,359,306	16,130,544
	<u>\$ 456,650,653</u>	<u>\$ 449,407,852</u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2013 and 2012, respectively, for the purpose of County taxation, was as follows:

	<u>2013</u>	<u>2012</u>
Senate Bill 40 Board	\$ 0.0700	\$ 0.0700
Senior Citizens Service Board	0.0500	0.0500

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer's funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in Barry County's name at third-party banking institutions. Details of these cash balances are presented in Note 2.

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

**Note 2 - Deposits and Investments**

Barry County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents".

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. As of December 31, 2013, 100% of Barry County's deposits and investments were covered by the Federal Deposit Insurance Corporation (FDIC) or were collateralized.

Barry County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Barry County or of a type that are not exposed to custodial credit risk.

**Note 4 - County Employees' Retirement Fund (CERF)**

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees. The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than (1,000) one thousand hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government.

It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Section 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994. The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar amount, targeted replacement ratio formula, and the prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active eligible member upon his or her death. Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement at age fifty-five with reduced benefit is allowed. Any member with less than eight years creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions. The County Employees' Retirement Fund issues audited financial statements.

Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65102, or by calling 1-877-632-2373.

Funding Policy

In accordance with Missouri state statutes, the Plan is funded through various fees collected by counties and remitted to the CERF. Eligible employees hired before February 2002 are required to contribute 2% of their annual salary, while employees hired after February 2002 are required to contribute 6% of their annual salary in order to participate in CERF. During 2013 and 2012, the County collected and remitted to CERF, employee contributions of \$70,893 and \$74,754, respectively, for the years then ended.

**Note 5 - Prosecuting Attorney Retirement Fund**

In accordance with state statute Chapter 56.807 RSMo, Barry County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System. Once remitted, the State of Missouri is responsible for administration of this plan. Barry County has contributed \$7,752 and \$7,752, respectively, for the years ended December 31, 2013 and 2012.

**Note 6 - Other Retirement Plan**

Barry County has a voluntary 401(a) plan administered by Great West which is paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2013 and 2012 were \$11,110 and \$12,200, respectively.

**Note 7 - Post-Employment Benefits**

Barry County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Barry County.

**Note 8 - Claims, Commitments and Contingencies**

Compensated Absences

The County provides employees with up to three weeks of vacation, depending on length of service. Any remaining unused vacation is not reimbursed upon termination of employment. Sick leave is accrued at 0.5 days per month with a total maximum number of 30 days accrued. Employees can be reimbursed for up to half of any unused sick time upon termination of employment. These have not been subjected to auditing procedures.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Other Commitments

The County entered into a short-term promissory note with Security Bank of Southwest Missouri for county jail improvements. The note was for \$47,697 due December 31, 2012 with interest payable at 3.25%. This balance was paid in full as of December 31, 2012. Interest expense for the note for the year ended December 31, 2012 was \$138.

**Note 9 - Risk Management**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Chapter 537.700 RSMo). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make specific assessments. Members are jointly and severally liable for all claims against the risk pool.

**Note 10 - Subsequent Events**

The County has evaluated events subsequent to December 31, 2013 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through July 11, 2014, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

To the County Commission and  
Officeholders of Barry County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of Barry County, Missouri, as of and for the years ended December 31, 2013 and 2012, and the related notes to the financial statements, which collectively comprise Barry County, Missouri's basic financial statements and have issued our report thereon dated July 11, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Barry County, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Barry County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Barry County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies: 13/12-2 and 13/12-3.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Barry County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an

Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Barry County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

### **Report on Internal Control Over Compliance**

Management of Barry County, Missouri, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Barry County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Barry County, Missouri's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. **Section 2 - Financial Statement Findings**

13/12 - 1 **Condition:** During our audit, we noted the following funds with actual expenditures that exceeded the budgeted expenditures: Sheriff Special Enforcement Fund in 2012, Forest Reserve Fund in 2013 and 2012, and Deputy Sheriff Salary Supplementation Fund in 2012. We noted the following funds without a prepared budget: Flood Control Fund in 2013 and 2012 and Emergency Reserve Fund in 2013 and 2012. Also, the Collector's Tax Maintenance Fund is budgeted at a deficit in 2013 and 2012.

**Effect:** Missouri statutes requires Counties to prepare an annual budget and expenditures are not to exceed the budget. Due to exceeding budget in certain funds and budgeting a deficit in another, the County is in violation of Missouri Revised Statutes.

**Cause:** Oversight

**Recommendation:** We recommend that the County adopt a budget for all funds, and periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.

**Management's Response:** We do not prepare a budget for Forest Reserve Fund receipts for Title I funds and Mineral Rights or Flood Control Fund receipts because these monies are not kept by the County; we pass all funds through to the school districts and road districts. However, knowing that these monies need to be included in our expenditures of federal awards, we will take them into account on the budget for future years.

We did not take into account an entire year of receipts and expenditures when preparing a budget for the Deputy Sheriff Salary Supplementation Fund in 2012, and we have corrected this issue in 2013 in order to be in compliance. The Sheriff Special Enforcement Fund exceeded budget in 2012 due to a purchase of bulletproof vests; we are aware of this oversight and have remedied the problem.

In regards to the Collector's Tax Maintenance Fund, we did not account for outstanding checks in our beginning and ending cash balances when preparing the budgeted expenditures for 2013 and 2012. This problem will be corrected in the future.

Due to the nature of the Emergency Reserve Fund, we have not prepared a budget since it merely acts as a fund reserve for the County. We will take this finding into consideration when preparing future budgets.

13/12 - 2 **Condition:** Documentation of the County's internal controls has not been prepared.

**Effect:** Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

**Cause:** Management has not prepared documentation of internal controls.

**Recommendation:** We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

**Management's Response:** We have prepared a documented set of internal controls and adopted the policy as of January 2014.

**Section 2 - Financial Statement Findings (continued)**

13/12 - 3 **Condition:** During our audit, we noted there is no formal fraud risk assessment in place.

**Effect:** Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

**Cause:** Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

**Recommendation:** We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

**Management's Response:** We have prepared a formal fraud risk assessment document and adopted the policies and procedures within the document in May 2014.

**Section 3 - Federal Award Findings and Questioned Costs**

13/12 - 4 Federal Grantor: All Programs  
Pass-Through Grantor: All Programs  
Federal CFDA Number: All Programs  
Program Title: All Programs

**Condition:** The Schedule of Expenditures of Federal Awards (SEFA) contained errors.

**Effect:** *OMB Circular A-133* requires auditees to prepare an accurate SEFA containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of the pass-through entity.

**Cause:** Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

**Recommendation:** We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

**Management's Response:** All SEFA errors will be corrected now that we are aware of the need to include Title I, Mineral Receipts, Flood Control and any other monies for which we serve as a pass-through entity only.

Follow-Up to Prior Audit Findings for an Audit of Financial  
Statements Performed in Accordance with Government Auditing Standards**

---

In accordance with Government Auditing Standards, this section reports the auditor's follow-up on action taken by Barry County, Missouri, on the applicable findings in the prior audit report issued for the two years ended December 31, 2010.

**Prior Year Financial Statement Findings**

10/09 - 1 **Criteria:** Auditors may continue to assist clients with the preparation of the financial statements now and in the future. However, under Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, conditions necessitating the entity's auditor to provide such assistance is at least indicative of a significant deficiency. SAS No. 115 supersedes SAS No. 112.

**Condition:** During the current year, auditors of the County assisted with the preparation of the financial statements and the notes to the financial statements.

**Context:** During discussions with management, we noted that we will be assisting the County with the preparation of their audited financial statements and footnotes.

**Effect:** Auditors may continue to assist clients with the preparation of the financial statements now and in the future. However, SAS 115 indicates that conditions necessitate the entity's auditor to provide such assistance is at least indicative of a significant deficiency in internal control over financial reporting.

**Cause:** Management did not prepare the financial statements or the notes to financial statements.

**Recommendation:** Due to the changing standards, the County may wish to consider alternatives available that would eliminate this situation.

**Views to responsible officials and planned corrective actions:** The County is currently complying with all state statutes relating to the preparation of the financial statements with the preparation of the County's annual budget document and annual financial statements. The County will pursue remedy for SAS 115 compliance if it is determined that it is required for a county of this size.

**Status:** This is no longer considered a significant deficiency.

10/09 - 2 **Criteria:** Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

**Condition:** Documentation of the County's internal controls has not been prepared.

**Context:** During discussions with management, we noted that internal control documentation has not been prepared.

**Effect:** SAS 115 considers inadequate documentation of the components of internal control to be at least a significant deficiency. Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

**Cause:** The County did not prepare the required documentation.

**Prior Year Financial Statement Findings (continued)**

10/09 - 2 **Recommendation:** We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

**Views of responsible officials and planned corrective actions:** The County is currently complying with all state statutes relating to the preparation of the financial statements with the preparation of the County's annual budget document and annual financial statements. Each official has their own internal controls within their office.

**Status:** Management has not corrected this issue, therefore, this finding is repeated as finding 13/12 - 2.

10/09 - 3 **Criteria:** Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

**Condition:** During our audit, we noted there is no formal fraud risk assessment in place.

**Context:** During discussions with management, we noted there were no formal fraud risk assessments implemented.

**Effect:** Lack of an appropriate risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

**Cause:** Management has not prepared documentation of risk assessments, including identified risks and mitigating controls.

**Recommendation:** We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze and manage these risks.

**Views of responsible officials and planned corrective actions:** The Commission will encourage all elected officials to review and document antifraud risk assessments.

**Status:** Management has not corrected this issue, therefore, this finding is repeated as finding 13/12 - 3.

10/09 - 4 **Criteria:** SAS No. 55, *Consideration of Internal Control in a Financial Statement Audit*, as amended by SAS No. 78, *Consideration of Internal Control in a Financial Statement Audit, an amendment to SAS No. 55*.

**Condition:** Lack of segregation of duties in the Recorder's Office.

**Context:** During our audit, we noted a single employee has the ability to initiate, record, reconcile and monitor a single transaction.

**Effect:** A single employee has the ability to initiate, record, reconcile and monitor a single transaction. Lack of segregation of duties and monitoring means that errors or other problems, such as theft of cash, might not be recognized and resolved on a timely basis.

**Prior Year Financial Statement Findings (continued)**

10/09 - 4 **Cause:** Lack of staff.  
(cont.)

**Recommendation:** Hire another employee to segregate duties or find other ways to monitor transaction of employees.

**Views of responsible officials and planned corrective actions:** We will review the cost versus benefit of adding additional staff to alleviate the segregation of duties issue. Monitoring employee work will be implemented immediately.

**Status:** This is no longer considered a significant deficiency.

10/09 - 5 **Criteria:** Monthly reconciliation of bank accounts.

**Condition:** Bank account reconciliations are not being properly prepared in the Recorder's Office, Collector's Office and the Drug Task Force Office.

**Context:** During our audit, we noted that the reconciliation of the Recorder's accounts are not being properly reconciled on a monthly basis due to including checks written in the following month of the month being reconciled for 2009 and 2010, the Collector's escrow account for 2010 and the JAG account for 2010.

**Effect:** Lack of proper reconciliation and monitoring of accounts may lead to errors that may not be found in a timely manner.

**Cause:** The Recorder's, Collector's and Drug Task Force account reconciliations are not being properly prepared.

**Recommendation:** We recommend that these offices properly reconcile their accounts on a monthly basis and monitor the reconciliations to be sure they are being properly prepared. These reconciliations will ensure meaningful and accurate financial statements.

**Views of responsible officials and planned corrective actions:** We agree with the finding and will implement the recommendation immediately.

**Status:** Management has corrected this issue.

**Prior Year Federal Award Findings (continued)**

SA All Programs  
10/09 - 1

**Information on the federal programs:** The schedule of expenditures of federal awards contained errors.

**Criteria:** Section 310(b) of *Circular A-133, Audits of States, Local Governments and Non-Profit Organizations*, requires the County to prepare a SEFA for the period covered by the County's financial statements.

**Questioned Costs:** Not Applicable.

**Prior Year Federal Award Findings**

SA 10/09 - 1 (cont.) **Context:** During our audit of the schedule of expenditures of federal awards, we noted numerous errors in the amounts reported on the schedule. Amounts reported were not supported by the documentation provided. Some of these errors were due to using revenue instead of expenditures while others were just errors.

**Effect:** Without an accurate and complete SEFA, federal financial activity may not be audited and reported in accordance with federal audit requirements which could result in future reductions of federal funds.

**Cause:** The County did not implement prior year corrective action plans

**Recommendation:** We recommend that County officials receive training in preparing the schedule of expenditures of federal awards.

**Views of responsible officials and planned corrective actions:** The County Clerk will work with all agencies receiving federal money to prepare an accurate schedule of expenditures of federal awards.

**Status:** Management has not corrected this issue, therefore, this finding is repeated as finding 13/12 - 4.
