INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Holt County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Holt County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2017 and 2018, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Holt County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Holt County, Missouri, as of December 31, 2017 and 2018, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Holt County, Missouri, as of December 31, 2017 and 2018, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Holt County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated July 5, 2019, on our consideration of Holt County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Holt County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

HOLT COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Holt County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk and ex officio Recorder of Deeds, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Holt County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from

accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
 2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
 3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
 4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
 5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
 6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
 7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
 8. Budgets are prepared and adopted on the cash basis of accounting.
 9. Adoption of a formal budget is required by law.
 10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.
- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2018 and 2017, for purposes of taxation were:

	2018	2017
Real Estate	\$ 70,400,122	\$ 69,820,529
Personal Property	35,928,973	34,839,226
Railroad and Utilities	40,997,204	38,900,319
Total	<u>\$ 147,326,299</u>	<u>\$ 143,560,074</u>

For calendar years 2018 and 2017, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2018	2017
General Revenue	\$ 0.3384	\$ 0.3546
Special Road & Bridge	0.4066	0.4066
Johnson Grass	0.0369	0.0369
Senior Citizen's Services	0.0461	0.0461

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Cash includes deposits and short-term investments with maturities that are

less than ninety days. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2018 and 2017, the carrying amounts of the County's deposits were \$2,602,416 and \$2,121,785, respectively, and the bank balances were \$2,842,574 and \$2,284,546, respectively. Of the bank balances, \$279,119 and \$278,929 were covered by federal depository insurance at December 31, 2018 and December 31, 2017, respectively. The remainder of the balances at December 31, 2018 and December 31, 2017 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

At December 31, 2018 and 2017, County officeholders held, in addition to the cash and investments listed above, cash held in a fiduciary capacity on behalf of individuals, private organizations, taxing units, other governments and/or funds. At December 31, 2018 and 2017, the carrying amounts of the County's custodial funds were \$10,882,814 and \$11,034,703, respectively, and the bank balances were \$8,709,067 and \$8,028,367, respectively. Of the bank balances, \$534,779 and \$1,009,174 were covered by federal depository insurance at December 31, 2018 and December 31, 2017, respectively. The remainder of the balances at December 31, 2018 and December 31, 2017 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

1) Plan Description

Holt County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, www.molagers.org.

Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

3) Funding Policy

Full-time employees of Holt County do not contribute to the pension plan. The June 30th statutorily required contribution rates were 0.3% and 1.5% (General), and 0.5% and 0.5% (Police) of annual covered payroll for 2018 and 2017 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. These net pension assets are not recognized in the cash basis financial statements of the County.

B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2018 and 2017, the County collected and remitted to CERF employee withholdings and fees collected of \$86,198 and \$65,803, respectively, for the years then ended.

C. Prosecuting Attorney Retirement Fund

A. Compensated Absences

The County provides full-time and part-time employees who receive benefits with four hours of sick leave on the first day of each month, up to a maximum of 30 days. Twenty-four hours of sick leave is accrued on January 1 of each year. Upon termination, employees will not be compensated for any unused sick time.

In planning and performing our audit of the financial statements, we considered Holt County, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Holt County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Holt County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Holt County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings and questioned costs as item 2018-001.

Holt County, Missouri's Response to Finding

Holt County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Holt County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Holt County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Holt County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Holt County, Missouri's major federal programs for the years ended December 31, 2017 and 2018. Holt County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Holt County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Holt County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Holt County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Holt County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2017 and 2018.

Report on Internal Control over Compliance

Management of Holt County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Holt County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Holt County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2018-002 and 2018-003, that we consider to be significant deficiencies.

Holt County, Missouri's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Holt County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

ITEMS OF NONCOMPLIANCE

2018-001. Timely Filing of the Collector's Settlement

Criteria: 139.160 of RSMo requires County Collectors to settle accounts with the County Commission and file the Collector's Annual Settlement by the first Monday of March.

Condition: The County Collector did not file an annual settlement for the period ending February 28, 2019 as of the first Monday in March. The settlement had not been completed as of the date of audit fieldwork. The settlement was subsequently completed and dated June 10, 2019.

Cause: The County's prior collector was appointed to the position in May 2018. The County Collector ended her term in March 2019. The Collector did not file her annual settlement prior to her term ending.

Effect: Timely filing of the Collector's settlement with the County Clerk allows for the independent verification of the Collector's accounts with the records maintained by the County Clerk.

Recommendation: We recommend that the County Collector file the Collector's Annual Settlement for the year ended February 28, 2019 and establish procedures to ensure that future settlements are submitted by the required date. We recommend that the County Clerk provide a certification of the Collector's accounts or obtain from the Collector a rationale of the basis for untimely filings.

County's Response: The County recognizes that the 2019 Collector's Annual Settlement was not completed on time due to the change of elected officials. The County will continue to make every effort to comply with reporting deadlines.

Auditor's Evaluation: The response is appropriate to correct the concern.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2018-002. Schedule of Expenditures of Federal Awards

Federal Grantor: U.S. Department of Agriculture; U.S. Department of the Interior; U.S. Department of Justice; U.S. Department of Transportation; U.S. Department of Health and Human Services

Pass-Through Grantor: Missouri Department of Public Safety; Missouri Department of Transportation; Missouri Department of Health and Senior Services

Federal CFDA Number: 10.557; 15.659; 16.738; 20.205; 93.069, 93.575, 93.994, 93.767

Program Title: Special Supplemental Nutrition Program for Women, Infants, and Children; Fish and Wildlife Refuge Fund; Edward Byrne Memorial Justice Assistance Grant Program; Highway Planning and Construction; Public Health Emergency Preparedness, Child Care and Development Block Grant, Maternal and Child Health Services Block Grant, Participation Agreement for State Investment in Local Public Health Services

Pass-through Entity Identifying Number: 17WIC, 18WIC, 19WIC; 2017-LLEBG-034; BRO-B044(32), BRO-B044(33), BRO-B044(34); TP000531-05Z, TP171701-01Z, TP171701-02Z, 17CCDF, 18CCDF, 19CCDF, 16MCH, 17MCH, 18MCH, 19MCH, 17LPHAMEDEAR, 18LPHAMEDEAR, 19LPHAMEDEAR

Award Year: 2017 and 2018

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2017 and 2018 annual budget documents contained errors in amounts of federal expenditures reported. Expenditures by the county were understated by \$17,712 in 2017 and \$52,756 in 2018.

Cause: The County reported Highway Planning and Construction receipts rather than expenditures in 2017 and 2018. The County only reported Health and Human Services grant expenditures which they received reimbursements for, and not the entire amount received and expended. The County Clerk did not include a federal award related to the purchase of the security cameras that the Sheriff received. The County Clerk was not aware that the Wildlife Refuge Funds were federal funds required to be reported on the SEFA.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2018 and 2017.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year.

County's Response: The County understands that Federal Awards are to be reported on the SEFA accurately. Wildlife Refuge Funds were previously considered Payment in Lieu of Tax monies which were considered property taxes instead of Federal Grant Awards but will be included on the SEFA. The County will continue to make every effort to comply and accurately report all Federal Grant Awards on SEFA.

Auditor's Evaluation: The response is appropriate to correct the concern.

2018-003: Cash Management Procedures

Federal Grantor: U.S. Department of Transportation

Pass-Through Grantor: Missouri Department of Transportation

Federal CFDA Number: 20.205

Program Title: Highway Planning and Construction

Pass-through Entity Identifying Number: BRO-B044(33)

Award Year: 2017 and 2018

Questioned Costs: None

Criteria: Federal award requirements state that recipients receiving advances of federal funds must implement procedures to minimize the time elapsing between the receipt of federal funds and the disbursement of the funds. BRO program regulations state that Local Public Agencies (Holt County) must "develop cash management procedures to ensure payment is made to the contractor/consultant within two (2) business days of receipt of funds from MoDOT."

Condition: There were 2 instances where the County wrote checks to the consulting engineers or construction contractors on a BRO project more than two days after receiving the reimbursement from MoDOT into the County's bank account. The County typically submitted invoices to MoDOT for reimbursement prior to making the payment to the consulting engineer or construction contractor.

One transaction (\$24,280) was received on September 18, 2017 and the date paid per the check was September 25, 2017, which was the fifth business day. The second transaction (\$3,000) was received on January 8, 2018 and was paid on January 12, 2018 which was the fourth business day.

Cause: The County commissioners meet on Mondays. Both deposits were received on a Monday. The checks were not written until preparation for the following Monday's County Commissioner meeting.

Effect: The grant is intended to be a reimbursement type grant, however, the County may have inappropriately earned interest on the federal funds due to the delay in payments.

Recommendation: We recommend that the County implement internal controls to ensure that federal funds are disbursed in a timely manner in accordance with federal regulations and the terms and conditions of federal awards.

County's Response: The County understands BRO payments must be issued within two business days of receipt of funds from MODOT and have already put measures in place to correct this. The County will continue to make every effort to comply while working with the numerous transactions that occur every year.

Auditor's Evaluation: The response is appropriate to correct the concern.

CERTIFIED PUBLIC ACCOUNTANTS

To the County Commission and
Officeholders of Holt County, Missouri

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2017 and 2018, we considered Holt County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated July 5, 2019. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

Collector Bank Reconciliations

There were no formally documented bank reconciliations on the County Collector's office accounts after October 2018. The interim County Collector took office in May 2018 and left office in February 2019. The interim County Collector prepared and documented bank reconciliations for May 2018 through October 2018. After the October 2018 bank reconciliation, the County was not able to locate a documented bank reconciliation. However, sufficient alternative documentation was maintained to show that a reconciliation of the account was being performed. Bank reconciliations not being formally documented may cause discrepancies to go uncorrected. We recommend that the County Collector ensure that bank reconciliations are formally performed and documented for all accounts each month.
